*Compiler of these records

Foreword

The first four generations in this book are compiled from Todd's History of Redding, Conn., History of Fairfield, Conn., by Schneck, and the History and Genealogy of Old Fairfield by Jacobus.

Reference to these records has already been made in my earlier book "Descendants of James Irish and Allied Families," P.P. 206 and 207 and 212-214.

All the material following the fourth generation was secured from Bible records, grave stone records, and from letters received from lineal descendants living in Maine, New Hampshire, Massachusetts, New York, Minnesota, Montana, and California. To these descendants I extend my deep gratitude for the information given.
